

Allure Collection

Conestoga's Allure Collection of Decorative Laminate Veneer doors and accessories continues to add fresh, new color offerings. The program includes an array of door designs with multiple framing widths and colors that range from woodgrain textures to our low sheen, Matte finish. Beauty and stability that are, well, alluring!

*You won't be able

Product Care

Allure DLV products should be cleaned using a soft, nonabrasive cloth lightly moistened with soap and water and dried immediately after cleaning. Avoid using coarse brushes and rags as well as harsh chemicals such as ammonia, alcohol or bleach. All Allure DLV 5-Piece door and drawer front designs are shipped with a protective peel coat applied onto the face of the product. In order to ensure that no adhesive remnants remain on the face of the products, the protective film should be removed after installation is complete or at a maximum of 6 months after delivery.

1-Year Limited Warranty

For a period of 1-year from the date of shipment, Allure products will be reasonably free of defects in materials and workmanship. When properly handled, Allure products will conform, within acceptable tolerances, to applicable manufacturing specifications. This limited warranty applies only to those Allure products which are stored, handled, and installed in the manner consistent with Conestoga's wood components. Conestoga will not be responsible or liable for any indirect, consequential or incidental damages or cost sustained by the user.
