THE FINISHING TOUCH

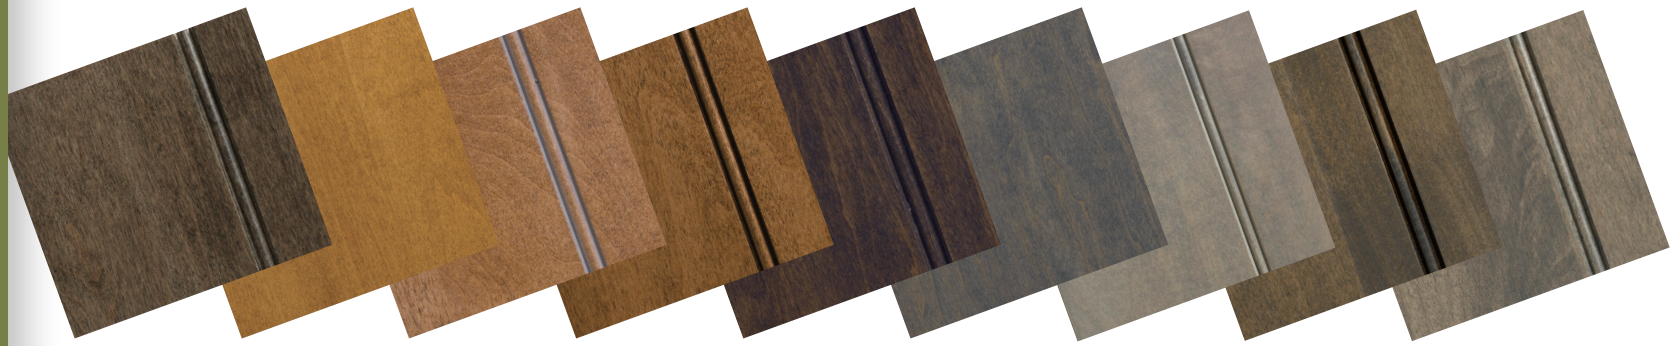

Wiping Stains

Where Wood Meets Artistry

Wiping Stains are applied by craftspeople who understand that finishing is as much art as it is the process. The result is a rich nuanced finish that highlights the beauty of wood.

Treatments

ues to customize, giving you the freedom to achieve the look you desire.

Distressing

Applied randomly based on your selection. Includes some or all of the following: nicks and impressions, simulated wormholes, rasp marks, and simulated cracks.

1. Nicks & impressions
2. Rasp marks
3. Razor cuts
4. Wormhole clusters

Weathered

Randomly removes surface material from panels, framing, and edge profiles, softening the wood's surface for a highly textured look and feel, with the character of aged barnwood.
